

CURRICULUM

2023–2024

We believe it is crucial that our students acquire a comprehensive knowledge and skill set that will prepare them for further study and successful lives.

ENGLISH DEPARTMENT

In this class, students will learn to communicate their own views effectively in both speech and writing and gain up-to-date information about today's world through age-appropriate discussions, texts and projects.

Study areas:

- Literature
- Informational Texts
- Foundational Reading Skills
- Communication
- Writing and Language

MATHEMATICS DEPARTMENT

This class will cover basic mathematical operations as well as geometry and measurement. Students will apply this knowledge directly to real-world examples.

Study areas:

- Addition and Subtraction
- Multiplication and Division
- Fractions
- Geometric shapes
- Measurement and Data
- Calculating Volume and Density

WORLD LANGUAGES AND CULTURE DEPARTMENT

Czech language courses will be offered for native speakers as well as foreigners who want to learn. Students can also study Spanish (grade 3–5).

Study areas:

- Czech Language and Literature
- Spanish language (grade 3–5)

PHYSICAL EDUCATION AND HEALTH DEPARTMENT

Students will participate in physical activities appropriate to their abilities while learning about the importance of a healthy lifestyle and the integration of sports into their lives.

Study areas:

- Diet
- Sports and Athletics
- Mental and Physical Health

ART DEPARTMENT

Lessons will mostly be centered around the creation of students' own works of art, but they will also focus on the interpretation of art and learn to recognize various forms and styles.

Study areas:

- Creation and Expression
- Understanding Art
- Form
- Style and Technique

LIBRARY SKILLS DEPARTMENT

Students will seek and utilize sources of information as well as learn to sort, analyze and draw conclusions from that sourced information.

Study areas:

- Basic Research
- Locating Sources
- Cataloguing
- Searching Databases
- Problem-solving
