To Whom it May Concern:

The Middle States Association Commissions on Elementary and Secondary Schools (MSA-CESS) accredits the American Academy in Prague located in Prague, Czechia for grades 6-12. The school is accredited until May 2028. The school recently submitted documentation requesting a Substantive Change to add grades 1-5 for the 2021-2022 school year and is tentatively scheduled for a visit by MSA to review that change in September 2021. MSA cannot conduct the visit until grades 1-5 are fully in operation. The visitor's report produced from the visit will be submitted for formal approval during MSA's next Commission meetings held in October 2021.

A Substantive Change is defined by our organization as a change of such magnitude as to alter significantly an institution's mission, goals, scope of its offerings, autonomy, sponsorship, and/or the locus of control over the institution. This includes the addition of grade levels.

MSA also currently accredits the American Academy in Brno. Furthermore, the American Academy in Bratislava is a Candidate for Accreditation with us and is currently undergoing the process to be considered for accreditation.
